Certificate IV in Entrepreneurship and New Business

- Get the skills that you really need.
- Unrivalled support. Delivered with care.
- Absolute flexibility. Your way, your terms.

Serious about starting your own business? You need the right tools and resources to make it happen with confidence

The Certificate IV in Entrepreneurship New Business, will help you get where you need to be to run your business effectively. They've been developed by entrepreneurs, business executives, and academics who've already been where you want to go. Like Josh Wilson, who successfully built three business and sold two before age 40. And Glenn Buesnel-May, who has spent over 20 years in the Royal Australian Air Force as an officer before specialising in education and training.

You won't just come out of your course with real-world skills and knowledge. You'll also have a qualification that's accredited and recognised Australia-wide. Take on the business world, or use your skills in an exciting new role – it's up to you.

What does the course cover?

- **Understanding small business fundamentals and how to get started**
- **How to set up your small business in the digital age**
- **Where does marketing, advertising and promotion fit into your business plan**
- **Managing and improving overall business finances**

Key benefits

Nationally recognised

The course is nationally recognised under the Australian Qualifications Framework, so you can use it as a pathway to university qualifications around Australia.

Get innovative

Establish operational strategies and procedures for new business ventures.

Building Something Meaningful

Entrepreneurs have the opportunity to build something meaningful and leave a lasting legacy, whether it's a product, a service, or a company. It's time to start building your dream!

Study online. With a difference.

This course has been developed to give you absolute flexibility. Study on your couch, on public transport, on your break at work, out in the park – wherever and whenever you like. The best part is, with Monarch Institute, 'online' doesn't mean 'alone'. You'll be backed by our trainers at every step along the way. You'll get:

- Easy-to-follow course materials
- Videos and webinars
- Heaps of support from your course trainers (phone, email, Zoom)
- A dedicated admin team on hand to guide you
- Online assessments
- Access to a student Facebook group

What is the course structure?

This course is delivered predominantly online. This means you'll access your learning and assessment resources using an online portal, plus textbooks. You can access the portal anywhere and anytime.

You'll need to study a total of 10 nationally recognised units, which are spread out over four modules.

We consistently receive feedback from our students telling us the course is very well structured and easy to follow. Of course, if you're having trouble wrapping your head around a concept or assessment piece, you can always reach out to your trainer for support.

What is the course duration?

This course was designed to be completed within 6–24 months but you can complete it as fast as you like. Your completion time frame depends on your previous education, work experience, time availability and work rate. You're expected to complete at least one module every six months.

What are the entry requirements?

There are no formal entry requirements. Just bring your drive, motivation and passion for the industry. That said, if this is your first time studying at this level, we'll need to check your levels of English and maths before you enrol. People with disabilities are encouraged and supported to apply.

Course costs

Monarch's courses are competitively priced.

Check our website for the most up-to-date prices at www.monarch.edu.au/courses or call us on 1300 738 955.

in Australian startups
\$5 billion annually and growing

Small business insights

Australia is a nation of small business owners and managers and we love a side hustle. Research in November 2023 has shown trends in online retail, emerging as the predominant category for small businesses or side hustles at 16 percent. Following closely were professional services like accounting or legal, accounting for 13 percent, and creative services, including graphic design and photography, making up 12 percent.

If you're not working in a small business or as an entrepreneur, there's a strong chance you will be later in your career. In fact, you might be one of the thousands of Australians who launch their own business each year or one of the hundreds of thousands of managers working in small businesses.

The changing face of employment in Australia

Monarch Institute courses are designed to give you the real-world skills you'll need to succeed as a small business of one.

There's never been a better time to study business and management. You could be stepping up in your current organisation or planning to be your own boss in the future. Whatever your path, you'll love your Monarch Institute learning experience.
