Certificate IV in Information Technology

- Get the skills, get ahead – in as little as 12 months
- Award winning training provider
- The most flexible way to study for your new career

Smart, creative, technically brilliant.

That's you with a **Certificate IV in Information Technology (Web Development)** from Monarch Institute.

With this awesome foundational qualification, you'll have the skills you need to develop web page layouts, design and build web applications, and integrate those apps with client systems.

What does the course cover?

- Working effectively in the IT industry
- Client-side development
- Enhancing a website
- Programming basics
- Managing quality

Key benefits

Support and guidance from IT veterans

With Monarch Institute, you'll get training and support from experienced IT professionals who know what it's like to be just starting out. They'll guide you through any challenges you face as you study.

Nationally recognised qualification

The course is nationally recognised under the Australian Qualifications Framework. You can use it as a pathway to further studies, including university degrees.

Get skills that are in demand

This Certificate IV qualification includes a great range of units that'll get you upskilled in those in-demand areas, like web development and programming essentials.

Government funded

If you live in Victoria, Monarch Institute has government funded places. To see if you are eligible for a government funded place, please get in touch with one of our friendly Course Consultants.

Study online. With a difference.

This course has been developed to give you absolute flexibility. Study on your couch, on public transport, on your break at work, out in the park – wherever and whenever you like. The best part is, with Monarch Institute, ‘online’ doesn’t mean ‘alone’. You’ll be backed by our trainers at every step along the way. You’ll get:

- Easy-to-follow course materials
- Videos and webinars
- Support from your course trainers (phone, email, Zoom)
- A dedicated admin team on hand to guide you
- Online assessments
- Access to a student Facebook group

What is the course duration?

This course was designed to be completed within 24 months. This allows time to fit study around other work and social commitments.

Your completion time frame depends on your previous education, work experience, time availability and work rate. For example, if you’re completing your practical exercises as part of your work duties, you could kill two birds with one stone! Of course, if you’re having trouble wrapping your head around a concept or assessment piece, you can always reach out to your trainer for support.

What is the course structure?

This course is delivered completely online. This means you’ll access your learning and assessment resources using an online portal. You can access this anywhere and anytime.

You’ll need to study a total of 20 nationally recognised units.

What are the entry requirements?

There are no formal entry requirements. Just bring your drive, motivation and passion for the industry. That said, if this is your first time studying at this level, we’ll need to check your levels of English and maths before you enrol. People with disabilities are encouraged and supported to apply.

Course costs

Monarch’s courses are competitively priced.

Check our website for the most up-to-date prices at www.monarch.edu.au/courses or call us on **1300 738 955**.

This training is delivered with Victorian and Commonwealth Government funding for eligible students. Please check the eligibility requirements on our website, or get in touch to discuss your funding options.

Get the skills that employers really want.
